I am a Front End Developer passionate about technology, currently working on React and Angular projects while pursuing a Software Engineering degree. I seek new challenges for continuous personal and professional growth.

## Experience

### CI&T | SoftwareEngineer

Nov/2023 - present

- Developed and maintained scalable micro front-end web applications using **ReactJS**, **Angular**, **Redux Toolkit**, and **Typescript**.
- Supported front end development with **SCSS** and **Tailwind**, enhancing UI and user interaction.
- Developed and maintained scalable web integration app using **Node**, and **Python**.
- Implemented unit tests with **Jest** and **Jasmine**, and end-to-end testing with **Cypress** for code reliability and stability.
- Led code reviews and provided technical mentorship, ensuring best practices and clean architecture.
- Streamlined deployment with CI/CD pipelines in **Azure Devops**.
- Used **English** and **Spanish** to communicate with the client and development team.

### Squadra Digital | SoftwareEngineer

Aug/2021 - Nov/2023

- Developed and maintained scalable web applications using **ReactJS**, **JavaScript**, and **Drupal**.
- Supported front end development with **Acquia Site Studio** and **jQuery**, enhancing UI and interaction.
- Led tech reviews and provided technical mentorship, ensuring best practices and clean architecture.
- Streamlined deployment with CI/CD pipelines.
- Maintenance and update of the **Angular** CLI from version 11.0.5 to 16
- Used **English** to communicate with the client and development team.

## Education

PUC - MG, Software Engineering - Bachelor

Expected completion: 01/2026

## Skills

**Stacks:** JavaScript; Typescript; ReactJS; NodeJS.

### Frameworks and tools:

NextJs;                    Azure Devops;  
Redux Toolkit;        Jasmine;  
Context API;        Styled Components;  
Tailwind;            Jest;  
Cypress;

## Languages and Certificates

**English:** Upper Intermediary - CEFR B2

**Portuguese:** Native

## Knowledges

### Design and Methodologies:

Figma;  
Scrum;  
Kanban;

### Databases and Programming Languages:

MongoDB;  
MySQL;  
Java;  
Python;

### Principles and Architecture:

SOLID;  
Micro Front-End;  
Docker;  
Grafana;
